## *Carob Molasses*

Meysüt Gıda is developing step by step adding carob molasses and clear carob syrup to the product portfolio. Our Slogan is "Healthy products with just the right consistency". Our objective is to provide you with the best quality products at the competitive prices in order to improve the level of your customer satisfaction.

Our carob molasses are produced by cold press extraction and under vacuum evaporation by the most modern facilities in Turkey. Thanks to that facilities we produce carob molasses under low temperature conditions in order to obtain HMF free products. ( High temperature process creates carcinogenic materials )

Carob molasses contains natural sugars, minerals( especially zinc) and Vitamins ( A,B,B2,B3, D,E) that provides strength and vitality.
